Chancellor David C. Banks
Tweed Courthouse
52 Chamber Street
New York, NY 10007

THE CHANCELLOR'S PARENT ADVISORY COUNCIL CPAC is...

Dedicated citywide parent leaders made up of Presidents' Council representing 32 districts, 5 Boroughs and District 75 who were elected by our peers to advocate for the 1.1 million NYC Public School children and their families.

CPAC's Expectations:

- During the transition period, the executive board is requesting to meet at least once a month to build a two-way trusting relationship as well as have Chancellor Banks attend monthly CPAC general membership meetings.
- Our intent to take an active role in the decision-making process concerning the education and well-being of the NYC Public Schools and our children
- To always be included and have a seat at the table; be involved in matters and issues affecting our children's education.
- Advise and make recommendations to the Chancellor based on input from our members on policies and initiatives of the DOE that affect our constituent bodies in the NYC Public School System.

Chancellor Banks commitment to:

Meet CPAC's expectations; and

Parent input and partnership as we work together to ensure that the nation's largest school system also becomes the nation's best school system.

Be honest - Respect parents enough to not sugarcoat issues and face the enormous challenges together, we can only change a system as large as ours with an all-hands-on-deck approach.

ACT on welcoming parents as partners in our children's education.

Respect our input on the policies that affect our children.

We want to be empowered to be advocates for our children, our schools and our communities with the new and improved ways to communicate with our school system.

We want to bring in our parents who are not typically engaged with the school system and elevate their crucial voices. Listen and hear involved parent leaders' crucial voices as well, we've been silenced for far too long.

Education has not been equitable for all children; especially students with IEP's, D75, ELL's and translation and interpretation. This needs to change; the system is broken and we want to be included to fix it for the sake of all stakeholders.

Top Priorities: **Accountability** **Communication** **Transparency**
