Principal and Superintendent to put them through the experiences on how we should think about this work.

Community Partnership

How do we do intra-agency work so everyone is very clear on what's going on and what's going on with the work. Interested in having folks from those districts speak and get things going.

We need to think about how we train our district people and we want to get the same information across the board. Family Leadership Coordinator (FLC), the Family Support Coordinator (FSC) and the Parent Coordinators (PC) will also be getting training.

DOE will start school visits and before they begin, we would love to hear from you tell us what the school visits should look like and what that means. What schools we should visit and can you guys join us? We are interested in learning what's happening at our schools.
